

Board of Directors Meeting – 27 July 2021

Information Sheet in Support of Agenda Item Discussion

Changes in Structure of Board of Directors

As a result of the obligation to clear the potential of actual or perceived conflict of interest following his contribution to create and contribute to GFORSS, Mr. Ali Badarneh requested from the Human Resources Department of UNIDO advice as to his membership in GFORSS and in the Board of Directors (BoD).

The advice received indicated that the potential for perceived conflict of interest could not be avoided.

As a result, Mr. Badarneh, requested to resign from the BoD and to rescind his membership from GFORSS.

A letter was developed on behalf of the Board to be shared with Mr. Badarneh, to thank him for his support in creating the organization.

This is submitted to the Board for information and for endorsement.
