CALL FOR EXPERTS

For the participation in the expert appraisal work carried out by GFORSS within the framework of the ARAB CODEX INITIATIVE

CONTEXT

Within the framework of the ARAB CODEX INITIATIVE, the Arab Industrial Development, Standardization and Mining Organization (AIDSMO), in partnership with the Global Food Regulatory Science Society (GFORSS) is launching a call for applications for the recruitment of qualified experts in **the field of chemical contaminants in food**, in order to participate in the scientific and technical expertise work carried out by the working groups designated for this purpose.

The ARAB CODEX INITIATIVE is a capacity building project implemented by GFORSS in collaboration with the Food Risk Analysis and Regulatory Excellence Platform (PARERA) of the Laval University. It aims to strengthen skills related to CODEX activities in the Arab region, to promote the effective participation of delegations from the region in international food standard setting activities and to maximize the representation of the context of Arab countries in the development of CODEX standards.

TOPICS SUBJECT TO EXPERTISE WORK

Work under this call relates to topics currently under discussion in CODEX committees of interest to the Arab region, including but not limited to the **CODEX Committee on Contaminants in Foods (CCCF)** in the framework of the holding of its 15th session (CCCF 15).

ROLE AND MISSION OF THE CANDIDATE

- ✓ Review and analysis of agenda items of CODEX Committee sessions.
- ✓ Execution of a critical analysis of the work carried out by the CODEX working groups, allowing the development and establishment of national and regional positions of Arab countries.
- ✓ Delivery of opinions and recommendations on the proposals and recommendations issued within the aforementioned framework, accompanied by scientific and technical arguments.
- ✓ Preparation of reviews and reports on the work carried out.

REQUIRED SKILLS

- ✓ Competence in toxicology - particularly experience with contaminants and chemical residues.
- ✓ Competence in risk assessment and management.
- ✓ Competence in establishing guideline values and food standards.

APPLICATION PROCESS

Application deadline: **Friday 08/04/2022**

Application should be addressed to **Mr. Ahmed EDDOUAICER (AIDSMO) : ahmed.ed@aidsmo.org**

Applications must include the following documents:

- ✓ A motivation letter.
- ✓ A recommendation letter.
- ✓ A detailed CV with training certificates and diplomas, when applicable.
- ✓ A list of scientific works and publications related to the subject of expertise.
