Introduction

The second Food Regulatory Science Symposium is an opportunity for members of the food regulatory science community, including members of the Global Food Regulatory Science Society (GFORSS) to meet annually to review recent changes impacting the food regulatory science landscape, discuss development and progress in implementing food regulatory measures and offer perspectives on opportunities of collaboration between partners of the stockholder community, supporting the advancement of modernization of food control systems. The symposium will also host a GFORSS members General Assembly and an exceptional meeting of the Board of Directors.

AGENDA

9:00 – 9:15	Introduction and Opening Remarks <i>Prof. Samuel Godefroy, President of the Board and Chief Operating Officer, GForSS</i>
