

How do we support specialisation in different committees by PICs

Codex procedures	-We put forward certain representatives from the region to certain priority committees of interest where they can represent the region's point of view and needs and also update region on the discussion of those priority committees.
Subject matter expertise	-provide funding or support for research of subject matter expertise -providing data
Competing responsibilities	-should have a specialised person working for CODEX/FAO that is being installed in CCP's entity facility to fully focus on codex work from those countries
HR considerations / continuity / succession planning	-should have a specialised person working for CODEX/FAO that is being installed in CCP's entity facility to fully focus on codex work from those countries -We put forward certain representatives from the region to certain priority committees of interest where they can represent the region's point of view and needs and also update region on the discussion of those priority committees. -Member countries should remember that it is their sole responsibilities to make sure hand-over of codex work

Participating in EWGs	<ul style="list-style-type: none"> -Consider the capacity of CCP's use of electronic platform that Colloquims can be the platform to address this issue if put forward as part of the agenda. -CCP's to have official email created by Codex....
Participating in meetings	<ul style="list-style-type: none"> -provide funding for participation in physical meetings. Physical provides the best way forward of participation, in terms of taking CCP's from other responsibility to only focus on codex work.
