Question 1

Codex Standards/Activities Support National and Regional Food Regulatory Programs

- What are the areas of priorities that you consider the region needs to address and where Codex Proceedings may be Instrumental? For example: guidance on use of recycled material in food contact applications, guidance on assessment and management of new food sources, etc.*

Question 2

What Topics/Priorities would You Like to Identify for Regional Codex Discussions: i.e., CCNE12?

- Regional standards of interest?*
- Shaping a path forward to move select regional standards to international standards?*
- Guidance for food regulatory modernization*
 - *E.g., Managing novelty in food regulatory frameworks in the Arab region?*
